All,

Recommendation 11 on monitoring has the following text at the end. It should be removed from Recommendation 11. Should it be merged with recommendation 14 on Confined Disposal Unit?

Lawrence

Based on the presentation to the Boards, it is unclear whether the Regions' preferred approach for disposal would be a CDF or off-site disposal in a RCRA-compliant landfill. The Boards recommend that the Region identify a preferred disposal approach as part of its proposed plan. Mark Sprenger
